## PRATALIA 2019

IGT UMBRIA

GRAPES: 100% Vermentino

PLACE: Narni (Terni), Umbria. Italy

ALTITUDE: 130 mt. Above sea level

EXPOSURE: south-south est

TOPOGRAPHY: hilly SOIL masine sediment for being – three million years ago submerged by the sea. Clay and limestone, with shells and marine fossil.

CLIAMATE: mild winter with low rainfall. Early spring then interrupted by a late frost on Aprile 20th. Hot summer, extremely dry, drought.

AGRONOMY: the vineyard management is in an agro-environmental measure. In conversion to organic

GROWING SYSTEM: guyot

DENSITY PER HECTARE: 5500 plants

IELD PER HECTARE: 60 quintals

AGRONOMO: Roberto Muccifuori

ENOLOGICAL DATA: harvest at down, de-stemming in presence of carbonic snow to reduce the temperature. Settling of the must at 8 degrees for 24 hours in presence of the skin. Soft pressing with pneumatic press. Fermentation in refrigerated steel vats. Ahing in fine lees.

DISTILLED ALCOHOL: 12,5

SULPHITES: 135 mg/l

WINEMAKERS: Maurilio Chioccia and Irene Ducoli.

NOTES: Vermentino is a vine that loves the sea. In Umbria its presence may seem a contradiction, but in our area the marine nature of our soil reverses the expectations and is able to give outsanding characteristics of sapidity and salinity.

TASTING NOTES: Bright straw yellow a striking bouquet with evident fruiy+ty notes od grapefruit, apple, acacia flowers, aromatic herbs and citrus. It is hily fragrant and its taste is enhanced by freshness and tartness. Almost saline. Long persistence with a pleasant aftertaste of pairing almonds- Serve at 10-12 degrees.

FOOD: it wonderfully pairs with fish, vegetables, soicy exotic dishes. Try it with spaghetti with anchoives and breadcrumbs. Excellent as an aperitif.

Artist Mauro Pulcinella from Narnu created the label. The name Pratalia comes from the 8th century "Veronese Riddle" and evokes in a language that is no longer Latin, but not yet Italian, the sunny fields (pratalia) the vineyards lay on.
